EXPERIENCE

Canadian Chamber of Commerce – Web/Graphic Designer

Ottawa, ON | Oct 2024 – Present

- Designed and delivered high-quality assets across digital and print channels in support of marketing and communications goals: digital ads, social media graphics, landing page layouts, email newsletters, event materials, and infographics, all within brand guidelines
- Produced presentation decks, data graphics, and campaign visuals for executive and public-facing communications, collaborating directly with content creators and stakeholders to refine concepts through feedback
- Built and maintained the organization's design system in Figma, creating a shared component library used across digital platforms to ensure brand consistency at scale
- Created video trailers and banners for events using After Effects and Premiere Pro
- Managed website content in WordPress, applying WCAG 2.0 standards and partnering with stakeholders to audit and refresh content across organizational web properties

Richcraft Homes - Web/Graphic Designer

Ottawa, CA | May 2021 - Mar 2024

- Maintained 11 company websites, including performing regular updates and creating and publishing new content, using modern Content Management Systems like WordPress and programming with HTML, CSS, and JavaScript
- Coordinated web projects independently and collaboratively with the marketing team to achieve project goals and deliver effective design solutions that aligned with the overall marketing strategy
- Designed eye-catching and on-brand graphical elements and print assets, including promotional materials, infographics, visual content, and official forms, using the Adobe Creative Suite and other graphic design software tools, resulting in better user engagement
- Produced a variety of marketing materials and social media content, including videos and emails, to boost brand awareness and engage audiences across platforms, while fulfilling requests and maintaining a creative yet consistent brand identity

Freelance Web/UI/UX/Graphic Designer

May 2022 - Aug 2022

UI/UX Designer – Pindle (Remote | May 2022 – Aug 2022)

- Increased NPS by 94% with an intuitive website redesign that prioritized usability and mobile responsiveness
- Conducted user interviews, prototyped solutions in Figma, and presented results directly to the CEO and stakeholders
- Improved retention by 18% through simplified navigation, updated tone, and refined information architecture

E-Learning Game Designer, Indigenous Language Project — Algonquin College (Ottawa, ON | Sep 2021 – Jan 2022)

- Designed interactive educational experiences and visual assets supporting Indigenous language and culture education
- Collaborated on content writing, accessibility standards, and user testing to enhance learning and engagement
- Delivered bilingual-friendly content using clear UX writing and inclusive design principles

EDUCATION

Diploma in Interactive Media and Design - Algonquin College
Bachelor in international business and management - Daejin University

Ottawa, CA | Jan 2020 - Jan 2022
Korea | 2009 - 2014
